

Dear Parents,

We are really busy with testing and our end of the year “things” We will be sending out a list of dates and activities soon. But the most important thing right now is our PLAY.

The date is on May 27th. We will perform once in the afternoon for the entire school. We will do it all over again that evening at 6:00. Please help your child to practice the part they have been assigned. Some have hefty parts, others have less memorizing to do. But every part is important to the overall success of the play. If there is any chance that your child cannot attend the evening performance, please let us know soon so we can help another student to learn the part.

The Play is called “The Silly Contest”. It involves three well- known folk tales and music to accompany them.

We are excited about this and the students are all very involved.

Barbara Winslow
