

November 23, 2009

Dear Parents,

After the Thanksgiving holiday, our class will be working with G.P.S. units. There will be a variety of lessons about navigation, map and compass, measurement, and scale drawings. This unit has proven to be a hit with the kids, as long as everyone is prepared for the elements.

Please make sure your child comes to school with appropriate winter gear. Winter coats, boots, hats and gloves are essential. The weather in December can turn cold fast. We will still be going outside on frosty days.

Thanks for your cooperation and your continued support. Happy Thanksgiving!!!

Sincerely,

Mike Louder
Science Teacher
